

FARHAN RAHIM

Frontend Developer | Software Engineering Graduate

Rawalpindi, Pakistan | 03498232536 | farhanrahim160@gmail.com
[linkedin.com/in/farhan-rahim-423b8a260](https://www.linkedin.com/in/farhan-rahim-423b8a260)

PROFESSIONAL SUMMARY

Motivated and detail-oriented Frontend Developer with a Bachelor's degree in Software Engineering and hands-on internship experience building responsive, user-focused web applications. Skilled in HTML, CSS, JavaScript, and React.js, with a strong foundation in modern web development practices, version control, and collaborative software delivery. Led the development of "Serenity Care," an AI-powered final year project designed to support users in managing depression and anxiety through intelligent, empathetic digital tools. Eager to contribute technical skills and a problem-solving mindset to a forward-thinking development team.

WORK EXPERIENCE

Frontend Developer Intern

Uxel Pakistan • 6-Month Internship

- Developed and maintained responsive, cross-browser user interfaces using HTML, CSS, and JavaScript.
- Built interactive UI components with React.js to improve usability and overall user experience.
- Collaborated with designers and senior developers to translate UI/UX designs into functional web pages.
- Used Git and GitHub for version control, code collaboration, and issue tracking within a team environment.
- Assisted in debugging, testing, and optimizing web applications for performance and responsiveness.

KEY PROJECT

Serenity Care — AI-Powered Mental Health Support Platform

Final Year Project, BS Software Engineering

- Designed and developed a web-based platform aimed at helping users manage and cope with depression and anxiety using AI-driven insights.
- Implemented an intelligent, user-friendly interface to encourage engagement and provide supportive, personalized guidance.
- Integrated AI techniques to analyze user input and deliver relevant mental wellness recommendations.
- Applied frontend development best practices to ensure an accessible, calming, and intuitive user experience.
